

AIDOO

Pro

Smart Thermostat Interface (STI)

Make Honeywell Home Smart Thermostats Compatible
with Mini Splits & Inverter/VRF Units

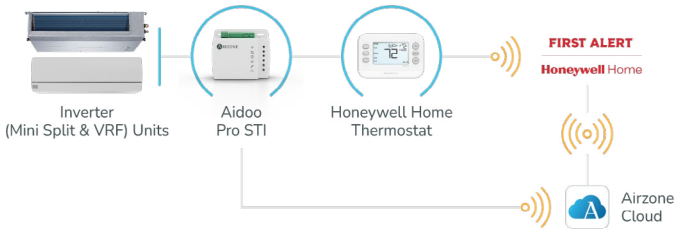

Honeywell Home

AIDOO IS
A PRODUCT
MADE BY

AIRZONE

Thanks to Aidoo Pro STI, you can now use Honeywell Home Smart Thermostats with over 15 Inverter (mini split & VRF) brands, without sacrificing any of the unit's energy efficiency features.

Bi-Directional Communication:

The Aidoo Pro STI keeps full functionality for both the indoor unit and smart thermostat

One 24V Power Source for 2 Devices:

Aidoo Pro STI + Honeywell Home Smart Thermostat (power source field supplied)

And much more!
