Someone had to rethink climate control

COMPLETE YOUR AIRZONE INSTALLATION WITH THE WI-FI CONSUMPTION METER!

Configure **your customer's** electricity rate.

Track instant power usage.

Measure your HVAC energy consumption by the hour.

View **consumption data** in the **Airzone Cloud** app.

PROMO Get a free **Wi-Fi Consumption Meter** with your orders of Easyzone 25 and Flexa 25 systems*.

airzonecontrol.com

Easyzone 25 Plus

MAXIMUM **COMFORT**

- Comfort-temperature **control in every room thanks to Airzone thermostats**.
- **Integrated control** of ducted installations, underfloor heating and cooling, and radiators.
- **Scenes and time schedules** via the Airzone Cloud app.

MAXIMUM **CONTROL**

- **Multi-user control** through the Airzone Cloud app: basic, advanced, or administrator.
- Wi-Fi connectivity enabled by our **Webserver.**
- Possibility of **third-party integration** through the Webserver HUB.
- **Two-way communication** with over 200 manufacturers.
- **R32 Refrigerant-gas leak alerts** in VRF systems.

MAXIMUM **INDOOR AIR QUALITY**

- Indoor air-quality data and charts **through the AirQ Sensor**.
- **Air purification** through ionization technology.
- **Management of controlled mechanical ventilation.**
- Measurement of key indoor air-quality parameters: **CO_2, TVOC, PM_{10}, and $PM_{2.5}$**

MINIMUM **CONSUMPTION**

- **Tracking of HVAC energy consumption** with the Wi-Fi Consumption Meter.
- **Automatic** disconnection of unoccupied zones.
- **Limitation of set-point** temperature.
