AIRZONE

Make the Invisible Visible!

Give your customers the **extra advantage of precise control over their HVAC energy use.**

REF.: AZX8AC1MTW1
(Single-phase)

**REF.: AZX8AC1MTW3**
(Three-phase)

Easy to install. No drilling. No hassle.

# Complete Your Setup With the Wi-Fi Consumption Meter!

With built-in Wi-Fi, installation is fast and effortless. Available for both single-phase and three-phase systems.
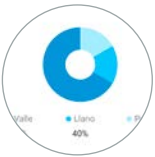

Key features:

Monitors hourly HVAC energy consumption.

Supports electricity rate configuration.

Tracks real-time power usage.

Displays consumption data directly in the Airzone Cloud app.

Lead the Change!

Starting in November, **the Easyzone 25 and Flexa 25 systems come with enhanced control capabilities.**

With the purchase of one of these systems, **you'll receive a free Wi-Fi Consumption Meter* for** single-phase installations.

Offer your customers the most advanced control solution on the market!
