AIRZONE

NEW!

Your Aidoo is now also available
in MassSave and NYSEERDA
rebate programs!

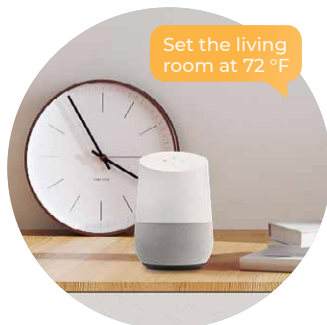

Aidoo by Airzone is a range of control devices that give new features to your air conditioning for increased efficiency and comfort.

YOUR HVAC APPLICATION INCLUDES THE FOLLOWING UPGRADES:

You can **control the operation of your application from the Airzone Cloud app**. Turn on, turn off, program or create scenes for your AC unit.

You can control your air conditioning by voice, with **Amazon Alexa, Google Home and Samsung Smart Things**.

Aidoo lets you **add a smart thermostat to your inverter/VRF HVAC unit**, maintaining all the benefits of both.

Get started with Aidoo:

1

Download the app
Airzone Cloud

App Store

Play Store

2

Configure and learn how to use your Aidoo by following our YouTube channel

3

If you want to add a smart thermostat to your HVAC unit, **call your installer**
